

MOTORCRAFT®

BLEND DOOR ACTUATOR

Quality Parts for Quality Repairs

- Same parts that came on the vehicle from the factory
- Application specific for easy installation
- 100% functional end-of-line testing maximizes product quality
- OE connector and case ensures proper fit, function and connection
- High impact plastic construction minimizes cracking and stripped gears
- Designed specifically for the application – ensures proper blend door function
- Tested in extreme vibration, temperature and humidity conditions
- These ARE the OE spec parts

Tested for Long Life

- Tested to ensure quiet operation at a variety of temperature/humidity conditions
- EMC testing ensures compatibility with other vehicle electrical systems
- Key life testing simulates 10 year/150,000 mile service life
- In addition to the above tests, actuators are also installed in vehicle for durability and EMC testing

Application specific

- For quicker installations
- Always a proper fit

OE connectors

- Easy snap-tight fit
- Ensures proper connections

Tested tolerances

- Actuator speed and current draw must meet stringent specs
- Rotational and axial play is limited, ensuring tight operation

MOTORCRAFT®
WARRANTY

UNLIMITED
MILEAGE
INCLUDES LABOR

2 YEARS

Limited labor costs. See seller for warranty details.
